Lorand Mihaly

Experience

2004-06 - 2007-06

Liaison

<u>Mastri GmbH</u>

First time experience of the professional world by helping out Mastri, a Munich based string instruments company with their dealings in Reghin by setting up contacts, translating, assisting during meetings and some local administration

2007-06 - 2013-09

Work and Travel

Europe

During this period I worked different delivery, install and assembly jobs in countries like Denmark, Norway and Germany and traveled intermittently

2013-09 - 2016-07

Logistics

<u>Loxx Pan Europa</u>

Worked at several of Loxx's Stuttgart departments dealing with a variety of tasks from foreign dispatch to planning and statistics, which I especially enjoyed and started learning Python with an outlook on data analysis

2017-11 - 2019-11

Work and Travel

Australia

I spent time on a working holiday program in Australia, gaining useful insights about life and profession there. I had the opportunity to work with various businesses in transports & related fields

Education

2003-09 - 2007-06

Secondary School

graduated Math - Informatics in 2007 in Reghin- gained a certificate in Informatics

2015-11 - 2016-03

Master Python Programming

I started learning Python on online courses as it is very popular among data analysts and in the field of data science

2013-09 - 2016-07

"Robert Franck Schule", Ludwigsburg

located in south-west Germany, I attained my diploma here in Logistics and became certified by the German Chamber of Commerce as assistant manager

2019-12 - 2020-03

Django 3- Full stack websites with Python 3

Besides learning how to use Python as a web framework, this Django course was a gateway to getting me accustomed to all the basic notions in and around front end development as well

Summary

Experienced in a variety of fields, I am looking to put my passion for programming to use and develop it further
